COURT CLERK

Dear Honorable Judge ,

My name is Joseph Edward Ferreri. Juying (Wang) Ferreri is my Wife. Juying's A-number is A-209-332-281. I am a American Citizen by at least 5 Generations. My Family and I has served this Country in many different capacities and many different time eras. I reside in Plantersville, Texas and have been in that immediate area since 2005. I have many close friends and family here in this area.

I am a Taxidermist working for a World Class Studio out of Cypress , Texas. My background also includes Construction, Firefighting, and over 12 years of Law Enforcement . My duties included Instruction of Self Defense Courses to Law Enforcement and Commanding a Strategic Threat Group Task Force relating to Gangs and other threats to State Security. (Counter-Intelligence) The Task Group coordinated activities throughout Utah and Intermountain west primarily.

I am writing you to accurately describe my courtship and continuing relationship with my Wife . This relationship is not a frivolous concern . My Wife and , due to our advanced age we did not take our relationship lightly. We discovered rather quickly that we were quite similar in personality and were very compatible. I had met Juying when I was

traveling often due to work. She became a instant part of my life .
...Peanut Butter and Jelly part of my life.

Ideas, desires , expectations, hopes , fears became part of our relationship. Juying was never my " Girlfriend" . Plain and simple ...I courted her. This was clear to us both.

Later , Juying brought me hope and life after 4 deaths in short order (My Mother Jane Ferreri, Mike Welch, Paul Mock, and Karen Giesenhaus) brought our time on earth to bear for me. Juying doesn't know how much she healed my heart during that time, I grew to respect and love her even more.

Our separate, and shared experiences became more entwined as time went by and our relationship matured. She is " Laopo " . Pronounced "Lao Paw " and meaning literally my Wife. She is my Heart. She and I are the same. Our hopes and fears are the same.

I will tell this court what my greatest fear is ...I am 50 years and my greatest fear is to be alone without Juying. I do not share this lightly. You , this Court are on the cusp of taking my Wife away from me....and her from me. Possibly forever. leaving me ..and of courses usapart.

No I do not share this lightly at all.

Judge Underwood , of Grimes County Texas Married Juying and I . Judge Underwood was aware that she was from China and examined all her paperwork (which was legal at the time). He also conducted an exhaustive interview of us both and of me in particular. He was obviously concerned about her well being. I was grateful for his grueling approval and blessed to become Juying's Lawfully Wedded Husband. I

gave my Word and Bond to God and this Country and took Juying as my Wife.

No one objected.....the Judge asked.

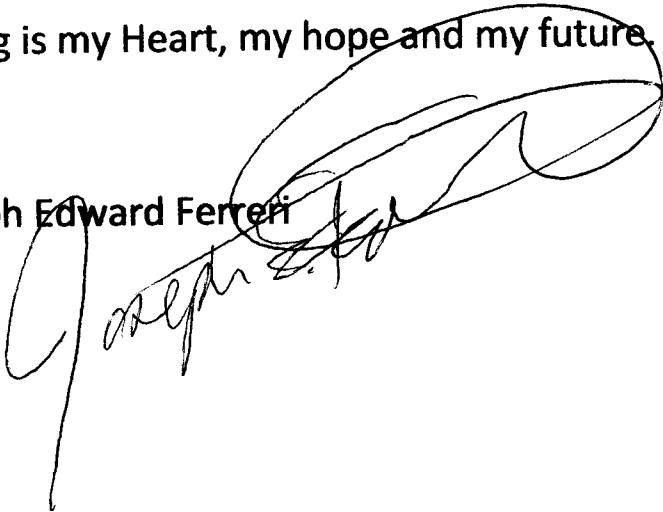

This Marriage and Bond is a Lawful and Legal Contract. It is not simply a result of a short careless relationship. I pursued Juying, I courted Her . I changed cross country scheduling involving thousands of miles to accomplish one goal....the Courtship and Marriage of MY WIFE. She Is Lawfully Wedded to me in the County where I reside and lovingly accepted in my Christian Church.

I understand and my Wife understands , tragically so, after so long a forced isolation for us both that more needs to be done to accomplish the needs of the State. These needs are being addressed.

I Implore and beseech this Court to soften its heart and expedite the release of my Wife after these many, many months. Consider us on a " out -patient " basis . We will work together to accomplish our shared goal

Juying is my Heart, my hope and my future.
