Summary

Narrative

On 3/11/26 at approximately 1358 hours, I responded to 658 S State St to the report of a trespass. An investigation was conducted and there is a potential for this being a stalking case. I took initial information and cleared. End of initial report.

Supplement

Investigative Report

On March 11th, 2026 at approximately 2:20pm, I received a phone call from [REDACTED] regarding an ongoing stalking and harassment case involving his business, Bricks and Minifigs. [REDACTED] reported that [REDACTED], a California resident who operates a YouTube channel under the name "Reckless [REDACTED]," had been extorting and harassing the business for nearly a year.

[REDACTED] provided the following account: [REDACTED] initially demanded \$200,000 from the business (Bricks and Minifigs) located at 658 S State ST, in exchange for ceasing his harassment activities. When the business refused, [REDACTED] escalated his behavior by traveling between California, Oregon, and Utah to harass employees, see the statement supplemental for all details. He vandalized the Salem, Oregon store location and began appearing at employee residences starting on Sunday, March 9th, 2026. [REDACTED] sent proxies to employee homes, including their family members' residences. American Fork Police Department arrested [REDACTED] on March 10th, 2026 for stalking under case number ending in [REDACTED].

[REDACTED] stated [REDACTED] was released from [REDACTED] Jail on the morning of March 11th, 2026 and immediately went to the Bricks and Minifigs store located at 658 South State Street in Orem. [REDACTED] explained that [REDACTED] films his activities using hidden camera glasses and posts content to YouTube. [REDACTED] also reported that [REDACTED] had passed fraudulent gift certificates, created fictitious contracts, forged staff signatures by impersonating a UPS delivery driver, and filed fraudulent claims in Marion County small claims court. [REDACTED] was telling me all of this, even though it occurred in other states, to provide foundation and pattern of behavior.

I contacted [REDACTED] Jail at approximately 2:39pm to determine if [REDACTED] had been issued a no contact order or jail release agreement. Jail staff confirmed that no such order was issued because the arresting officer did not specifically request one, and stalking cases do not automatically trigger jail release agreements under state code.

At approximately 2:52pm, I arrived at 658 South State Street and met with [REDACTED] and store employee [REDACTED], date of birth [REDACTED]. [REDACTED] stated that [REDACTED] entered the store at 1:51pm on March 11th, 2026 with at least one other individual. [REDACTED] reported that [REDACTED] identified himself as an "investigative journalist" and attempted to interview staff members while making statements about the business stealing money. [REDACTED] recognized [REDACTED] from previous incidents and from the clothing he wore during his arrest the previous day. [REDACTED] told [REDACTED] he would call police if [REDACTED] did not leave, and [REDACTED] departed the store after arguing with [REDACTED] about leaving.

[REDACTED] provided surveillance video footage showing [REDACTED] and his associates entering the store at 1351 hours on March 11th, 2026. The video time stamp was confirmed to be accurate. [REDACTED] stated the subjects left the parking lot in a black Kia sedan. [REDACTED] indicated that a black Kia and a Volkswagen had been

associated with previous incidents at corporate offices. I was not provided with any license plate numbers.

██████ provided additional background information: The harassment originated from a dispute involving a former franchisee in Salem, Oregon who entered into an unauthorized consignment agreement with an individual named ██████. When the franchisee stopped paying royalties and abandoned the store, ██████ demanded return of his property. ██████ became involved and began making extortion demands to pay him 200,000 dollars and threats. ██████ stated that during incidents in Salem, Oregon, ██████ and his associates made death threats against staff members. ██████ appeared genuinely afraid of ██████.

While I was on scene, ██████ received a phone call from an employee named ██████ reporting that ██████ and associates had returned to ██████'s residence in American Fork and were placing signs on a neighbor's fence. ██████ indicated that employees ██████ and ██████ had been primary targets because they were involved in establishing the Salem, Oregon location. ██████ stated ██████ resides in American Fork and ██████ resides in Sandy.

██████ explained that ██████ has been arrested in California for similar trespassing behavior in 2024. ██████ stated he had been working with Provo Police Department Detective Dore on extortion and aggravated interference with economic business charges (commercial obstruction). ██████ reported he participated in a double-blind photo lineup to identify ██████ and that Detective Dore obtained a warrant in the case.

I advised ██████ and ██████ that if ██████ returned to the Orem location, they should call 911 immediately without confronting him so officers could deal with him for trespass and commercial obstruction. I explained that employees could apply for stalking injunctions or protection orders through Fourth District Court either in person or online at utcourts.gov. I explained that violation of such orders would result in escalating charges from misdemeanor to felony with repeated violations.

I obtained video surveillance video of ██████ and two other individuals entering into the store and causing obstructive behavior while ██████ and ██████ were conducting business during normal business hours. Surveillance video has been added to this case for evidentiary purposes.

I was later informed that American Fork Police had obtained a warrant for the individuals involved in the incident in American Fork ██████ and they had arrested 5 individuals connected with this incident. I contacted detectives to inform them of the case and cleared. End of investigative report.

I acknowledge this report was generated using Draft One by Axon. I further acknowledge that I have reviewed the report in detail, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. If needed, I am willing to testify to the accuracy of this report.
