On May 30th, 2026 at approximately 11:31am, I received a call regarding threatening communications directed at [REDACTED] and his family in connection with an ongoing business dispute involving their franchise, Bricks and Minifigs. I contacted [REDACTED] by phone to gather information about the threats and the circumstances surrounding them.

(Contact with [REDACTED])

[REDACTED] provided the following account: He and his brother operate a franchise called Bricks and Minifigs with multiple locations in Utah and other states. A dispute originated in Oregon with a former franchisee and a man named "[REDACTED]" from Salem, Oregon. [REDACTED] claimed he had entered into a consignment agreement with the former franchisee, "Crystal Law", for Lego products. When the former franchisee's contract was terminated for lack of payments and other reasons, [REDACTED] came to the Oregon store claiming he had consigned merchandise there. [REDACTED] stated they requested documentation or receipts to verify [REDACTED]'s claim, but [REDACTED] refused to provide any records and refused to cooperate in identifying his alleged property. [REDACTED] indicated [REDACTED]'s claim escalated from an initial \$30,000 to \$40,000 worth of product to \$200,000.

[REDACTED] stated that [REDACTED] hired a YouTuber who goes by "Reckless [REDACTED]" ([REDACTED]) to harass their stores and staff. [REDACTED] provided email's for [REDACTED] to be [REDACTED] and [REDACTED]. [REDACTED] stated [REDACTED] sent someone to the Oregon store who told staff he was there to murder them, prompting a police response. [REDACTED] stated [REDACTED] came to their Provo office and demanded \$200,000 to make the situation go away. When they refused and called it extortion, [REDACTED] returned the following day. [REDACTED] stated they called police and had [REDACTED] trespass from the property.

[REDACTED] stated [REDACTED] then went to multiple franchise locations in Utah and other states to harass stores and staff. He stated [REDACTED] went to the home of the franchisee who took over the Oregon location, who lives in American Fork, multiple times. [REDACTED] stated [REDACTED] was arrested twice for stalking in American Fork. [REDACTED] stated [REDACTED] was filming throughout this time for what [REDACTED] described as a documentary.

[REDACTED] stated the documentary was recently released on You tube and edited to make it appear they had stolen [REDACTED]'s life savings and inflated the value of the alleged consignment. [REDACTED] stated they have photo and video evidence showing the Oregon store did not have more than \$30,000 worth of total inventory, contradicting [REDACTED]'s claims about Star Wars Lego collections.

██████████ stated that since the documentary was released, they have received numerous death threats and harassment. Their franchisees have been targeted with harassment and negative online reviews. ██████████ stated people have been circulating his brother's home address and photos of his brother's residence online. He stated someone posted address information for one of the franchisees on the American Fork Police Department's YouTube channel. ██████████ referenced that the American Fork Police Department posted a video on you tube as well due to the ongoing issues.

██████████ stated the most recent threat came from a "██████████". ██████████ sent a message to ██████████'s wife, ██████████ on Facebook. The message stated: "Smart that you don't have family photos or locations. Tell your piece of shit brother-in-law to give back that man his life savings" or "give that man his life savings back." ██████████ stated the message included three gun emojis. ██████████ also attached a screenshot from ██████████'s brother's Facebook profile showing family members, including ██████████'s sister, two cousins, ██████████'s wife ██████████, and his brother's brother-in-law. ██████████ stated his wife was having a panic attack due to the threat.

██████████ stated people online have been referencing Luigi Mangione in connection with threats against them. He stated his brother has been receiving hundreds of phone calls per day, and he and his wife also receive threatening communications periodically. ██████████ provided he and his wife's phone numbers to which I sent them both Evidence.com community request links to upload the threats. ██████████ also provided ██████████'s email address as ██████████.

██████████ stated the Provo Police Department has an active case file regarding the threats and harassment. He stated the FBI and the Postal Service Investigation Unit both have active cases and are working with the U.S. Attorney General's office for potential criminal charges. ██████████ stated the District Attorney in Utah County has requested the case file from Provo Police Department to pursue criminal charges. ██████████ stated they have filed a Civil RICO case in Fourth District Court and obtained a temporary restraining order (TRO) against ██████████. He stated they are having difficulty serving ██████████ because he is attempting to avoid service. ██████████ stated YouTube will not remove ██████████'s videos until proof of service is provided.

██████████ stated he believes the former franchisee, Crystal Law, has been colluding with ██████████ to harm their brand and them personally as retaliation for terminating her franchise. He stated he believes they still possess the inventory they claim is missing.

I created case number 26OR10664 and provided it to ██████████. I advised ██████████ that I would relay information about a related Provo Police Department case that mentions the matter being forwarded to the Utah County Attorney's Office and FBI. I instructed them to upload screenshots of threatening messages and any other relevant evidence. I advised ██████████ to call 911 if he observes suspicious vehicles or persons at his residence in Orem. All related case numbers were attached to the involvements in this report.

At this time, I only received one community request upload to Evidence.com which was of an email sent by ██████████ which read "Why are you stealing from old people??? if he doesn't get his money, it would be a real shame if your business accidentally burns down or something happens i hope that doesn't happen but

karma is a biatch".

The email does not reach a criminal element and at this time this report is for information only purposes. I will review and assess the case if more threatening messages are uploaded. Nothing further at this time.

I acknowledge this report was generated using Draft One by Axon. I further acknowledge that I have reviewed the report in detail, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. If needed, I am willing to testify to the accuracy of this report.

SUPPLEMENT REPORT:

(Follow up contact with [REDACTED])

On 6/1/26, I received 15 additional screenshots of messages [REDACTED] has received from multiple different Facebook users. All of the messages were referencing the family ties to the CEO of Bricks and Minifigs. Some messages were encouraging [REDACTED] to tell the CEO to "Do the right thing" referencing giving the alleged victim of the stolen Legos his product back. Other messages were of vague indirect threats either suggesting harm or violence or hoping they would be subject of harm or violence. No direct specific threats were observed in violation of Utah code 76-12-202 (2)c.

I spoke with [REDACTED] over the phone briefly after a follow up call was created. [REDACTED] informed me a family member who also lives in Orem identified as [REDACTED] received a group text with additional threats. I attempted to call [REDACTED] but did not receive an answer and left a voicemail. It should be noted a dayshift officer spoke with [REDACTED] prior to me beginning my shift and was aware of this report and suggested she obtain the Evidence.com link from [REDACTED] to upload the threat she had received via text.

I will conduct additional follow up upon returning for duty. Nothing further at this time.

SUPPLEMENT REPORT:

(Follow up contact with [REDACTED])
As of today 6/5/26, I have conducted follow up with [REDACTED] regarding threats addressed to her. [REDACTED] uploaded four screenshots to Evidence.com which were of random people upset about the Bricks and Mini Figs situation. One more concerning screenshot was of a group text message with five total people started by number [REDACTED]. The number sent two test messages which are as follows:

"How much do you value your life? The police cannot arrest a corpse that killed you and themselves. Do you plan to carry a gun with you 247? Sleep in good health, and learn to make better decisions *Heart Emoji*)

I asked [REDACTED] who else was in the group text to which she stated she only recognized two other number being [REDACTED] and their younger brother [REDACTED]. I advised [REDACTED] this information would be added to the case. It should be noted the cases involving [REDACTED] are said to be investigated by the FBI going forward according to Provo PD case [REDACTED].

Several related cases have been placed into the involvements of this report and the case needs to be routed accordingly. Nothing further to report at this time.
