The facts to establish the grounds for issuance of a Search Warrant are:

I, Detective Medina Dore, am a certified Law Enforcement Officer with six years of experience. I graduated from the Utah POST Academy in January 2020. During my tenure in law enforcement, I have received training and experience through investigations involving theft, robbery, homicide, firearms, fraud, controlled substances, and related fields. Furthermore during my assignments, I have developed expertise in identifying, apprehending, and interviewing criminal offenders involved in various unlawful activities.

Additionally, your officer has received training through Utah's Drug Recognition school, and currently hold the certification of Drug Recognition Expert (DRE). Currently, your Affiant is assigned to the Provo Police Criminal Investigations Division.

The statements in this affidavit are based in part on information provided by law enforcement officers, and on my own experience and background as a law enforcement officer. Since this affidavit is being submitted for the limited purpose of securing a warrant from the Court, I have not included each and every fact known to me concerning this investigation. This affidavit is intended to show merely that there is sufficient probable cause for the requested warrant and does not set forth all of my knowledge about the matter.

In December of 2025, Provo Police received a report regarding a local business that was being threatened to pay a large amount of money or else the suspect would retaliate through means of defamation and property damage. The suspect only known as "Ben Schneider", came onto the property of the business called Bricks & Mini Figs, located at [REDACTED], Provo, Utah, demanding thousands of dollars in relation to a civil suit that is ongoing. However to the complainant's knowledge this individual is not an owner or affiliate of the businesses involved in the lawsuit.

chrisreportsthings: Redacted address that appears to be incorrect residential address.

On 12/09/25 the suspect, Ben Schneider, and a male companion entered the Provo front office area, harassing employees, video recording and demanding what they believed were owed, the males were asked to leave. However the following day, they returned and continued to harass employees, filming them and engaging in inflammatory accusations to get responses out of the business employee(s) and company owner. Despite multiple requests for them to leave, it was reported that Ben Schneider ignored these requests and only left the office once the owner went into a different room away from the front office. The company owners of the Bricks & Mini Figs company provided video footage of the suspect entering the office on 12/09/25 and returning on 12/10/25. The suspect had identified himself as a social influence under the Youtube account, "Reckless Ben" and threatened to make defamation videos regarding their business if their demands for several thousands of dollars were not met. Upon a search, Your Affiant has found the "Reckless Ben" account which has a accumulated over 420,000 subscribers, whose videos had views over 2.7 million views. Furthermore some of the correspondence was received from under an email of : bschneider139@gmail.com

Provo Police officers attempted to contact the male to intervene in this criminal behavior but were unsuccessful. It is believed that this male resides out of state. On 02/09/26, the company owner contacted Your Affiant requesting to pursue charges and further the investigation as the male has continued to contact the business outside the realm of the civil lawsuit. It has also been reported that the male has gone to an Oregon business location and behaved in a similar fashion and even threatened to burn down their business.

You Affiant requests that this court issue a Search Warrant compelling Google LLC to provide the listed historical records for the account associated with the email address of "bschneider139@gmail.com", affiliated with Youtube Account name "Reckless Ben" as used in December of 2025.

A search warrant is being requested in accordance with Utah Code Title 77 Chapters 23b, 23c, or 23f. These chapters stipulate that a government entity must seek a warrant to require a provider to disclose location information, stored or transmitted data, electronic information transmitted by the owner to a remote computer service or through an electronic communication service, the contents of an electronic communication in electronic storage of an electronic communication

service, or identifying information for an electronic device. Utah code mandates such a demand can only be made pursuant to a warrant issued under the Utah Rules of Criminal Procedure, making a subpoena unsuitable in this context.

Before May, 2019 some of this data could be obtained through an investigative subpoena. However, since then Utah Code Chapter 23c of Title 77 was amended to expand the definition of electronic information to potentially encompass the data mentioned in this warrant affidavit. Subsequent amendments to Chapters 23b and 23f further delineated specific data that required a warrant for access. Out of an abundance of caution the State is therefore seeking a warrant.

Google LLC shall disclose responsive data, if any, by sending to Detective MEDINA DORE at:

██████@provo.utah.gov,

using PDF, Excel or Word documents

Law enforcement will maintain all original evidence in a secure environment.

WHEREFORE, your affiant prays that a Search Warrant be issued for the seizure of said items in the daytime.

APPLICATION FOR NON-DISCLOSURE:

I request the court to order the provider, Google LLC, to not notify any other person of the existence of this warrant. This request is made for the following reasons:
destruction of or tampering with evidence;

Your Affiant requests a court order to compel Google LLC to not disclose the existence of this investigation to the listed subscriber(s), or to any other person, due to the fact the investigation is still on going and there is a risk that the suspect may attempt to alter, conceal, or destroy evidence or personal information that may assist law enforcement in identifying and locating the suspect..

I declare under criminal penalty of the State of Utah that the foregoing is true and correct.
